P.O. Box 770
Douglas, WY 82633

If you should have any questions concerning your access application, please feel free to contact the Converse County Road & Bridge Office (307-358-3602).

Converse County Bore Permit Temporary Access Addendum

The applicant hereby acknowledges and agrees as follows:

1. All terms and conditions from accompanying bore permit shall apply to temporary access permit.
2. The permit herein given is exclusive and shall not be assigned, modified, or otherwise transferred without the prior written consent of the board and/or road & bridge department.
3. To construct access in a safe manner as to not to interfere with or endanger public travel and to use materials acceptable to the Converse County Road & Bridge Department and to leave the right-of-way clean and in a condition equal to or better than the original condition.
4. To fully protect the traffic on the roadway during construction covered hereunder by proper barricades, flags and/or signs, and to hold harmless Converse County, its officers, and employees from all dangers, expenses, claims or liability arising out of any nature to any person or property, due to the construction performance or nonperformance of work, or existence of said access.
5. That no access shall be constructed such that there will be parking or servicing of vehicles within the right-of-way.
6. No tracked equipment in direct contact with roadway surface without precautionary measures being implemented.
7. Any mud or debris accumulated on roadway must be immediately addressed by cleaning, graveling, or implementing dust control measures. Furthermore, measures shall be implemented to prevent further contamination, thus leaving the site in a condition equal to or better than the original condition.
8. That the profile grade of the access shall be constructed and maintained in a manner such that in no case will water drain onto the road surface.
9. When disturbed areas are reseeded, a certified noxious weed free seed mixture of any or all of the following must be used: Western Wheat Grass, Brome Grass, Fairway Crested Wheat Grass, Pubescent Wheat Grass, Annual Rye Grass, Green Needle Grass. Seed is to be hand broadcasted at a minimum rate of thirty-six (36) pounds per acre. Specific mixture to be agreed upon by Landowner & Permittee. Mixtures containing seed not listed must be approved by Converse County Road & Bridge Dept. by submitting commercial seed blend.
10. Failure to comply with these terms and conditions may result in revocation of permit and removal of all activity within county right-of-way.
11. The applicant shall inform the Converse County Road & Bridge Department when the access project is completed for final inspection and approval.
12. UTILITY ADJUSTMENTS: It will be the responsibility of the applicant to notify all utilities before construction work begins. Failure to do so may result in personal injury and very costly repair of the utility at the expense of the applicant. (There are many underground utilities located within Converse County right-of-ways.) If utility adjustments are required, the applicant will be responsible for all associated costs.
13. Permittee is responsible for all damages caused by activities outside of the scope of this permit.
